· OLD Yavapai county will give C. C. Bear about 1,800 votes, and Mohave and Apache promise to follow suit with handsome majorities, .

FRANK BROAD is one of the most pepular men in this city for the office of Constable, for which he received the Republican nomination. He has been a resident of this camp for, six years, and during that time has made a host of friends who will ; stand by of the constables for this township,

* E. R. MONE, the Democratic candidate for County Judge will arrive in this city in a few, days, and then our citizens will see how unworthy he is for the office he seeks About ; the first man he will visit on his ar-, rival will be his master Ground Grabber Berry, for ideals of a feather always flock together, and while Berry is trying to grab the homes of the citizens of Tombstone, this man Monk is trying to grab the homes and ranges of our canchers in the valley. ist in many of these back yards, the Remember that a rote for Monk is a owners of which were harrassed and , vote against your living in peaceable annoyed by "Ohl Chap" while he was

JOHN SEAUGHTER Said two years ago he never would regist r or vote so long as "niggers" were allowed that privilege. He is now a candidate for Sheriff and would doubtless even accept the vote of a colored man,

THE TOMESTONE is not a third-term ournal. It however, recognizes the fact that a second term for Bob Hatch and Andy Ritter would be but a just recognition of the services of two upright men who have faithfully performed their duty.

GEN. MILES declares that he was given absolutely discretionary auhority concerning the campaign igainst the Apaches; and it will probably turn out that he violated the military rules and precedents observed by his predecessors only in the respect that he captured Geronian, whereas they never got near enough to that distinguished chieftain to ascertain whether he was willing to surrender or not.-Globe-Democrat.

MR. G. HILL HOWARD, who is an attorney for Geo. Hearst and other land grabbers, and who was in Washington at the time the Tree Alamos land grant question came up while in conversation yesterday with a gentleman who resides in this city, stated that if it had not been for C. C. Bean's interference the bill would have passed. Wonder how this will set on the stomachs of those papers who have been abusing that noble old Hassayamper, C. C. Bean.

ADVICES from the different counties in the Southern District received at this office all state that our fellowtownsm p, B. S. Coffman, is the popular man for the Territerial Council, and that he will receive large majorities in all of the counties. This is gratifying to THE TOMBSTONE, at it was the first paper to bring Mr. Colfman before the public, and had to urge him very strongly to neglect his business and accept the nomination. He will make one of the best councilmen that has ever represented the people of this Territory in Prescott.

Hon Thomas Cordes is now making a tour through the territory interviewing the vaters in regard to the office of Territorial Suprintendent of Public Instruction, and is me-ting with marked success wh rever he goes His record is clear and clean, while that of his apporent is besmiched with Point Lobes railread binds and other like pro- erties that are so widely advertised throughout the territory as to insure Mr. Cordis' election almost unanimous'r.

The Star says that there is no interest being taken in the election of County Judge as it is certain that the County Courts of this territory will be abolished by the next legislature. The Star must have had a spiri u-l communication from the o her world, telling him just who were going to be elected, and just what measures the were going to advocate, or else they have had a prophesy from Wiggans. At all events we think that its prognestications will turn cut in about the same manner as did old fraud

THE people of Tombstone had enough of "Old Chap"" in former years, and will never by their votes again authorize him to prowl around backyards and continually annoy and harrass citizens .- Democrat. When "Old Chap" was in office before he him and see that he is elected as one kept his books and the city straight. Since his removal the city has been anything but straight, as the numermounds in the city cometery will do nonstrate. If the present health officers had done more prowling about back yards and harrassed the owners of those same yards, the death record of this city would not be so large as at present, and many of our citizens who now sleep the sleep that knows no waking would be among us, as well a host of happy, children who have lost their lives through the malaria and death that has and does now ex-

THE Democrat says that E. R. Monk has no interest in grabbing town lots in Tembstone, but it does not say that he has no interest in Sulphur Spring Valley.

Spirit Profession in the FRED J. Dongs one of the Republi can nominees for Constable of this township has been tried by our people once before for the same office, and has stood the test, there not being one single word ever said against him as an officer. He is a true blue Republican and has always been found working hard and earnestly for the ticket, and he will be rewarded for his fealty by being elected to the office for which he aspires, on the second day of next November.

Republicans should remember that if they wish their party to retain control of affairs in Cochise County they must stand by their colors. Under Republican rul; our county has become the most prosperous in the Territory. It is true, that when the Republicans came into power, Democratic misrule had saddled a large debt upon us, but under the honest, careful, business management of Republican officials. the debt is being rapidly paid, and the County placed upon a sound financial basis. The Board of Supervisors, Sheriff and Treasurer, have faithfully performed the duties of their respective offices, and the two latter R. S. Hatch and A. J. Ritter, who ure seeking re-election, deserve and should receive the warm and earnest the county at heart. Both are honest, faithful and competent men, in whom not only the party but the people generally have every confidence. It was Lincoln who femarked that it was no time to trade horses when crossing a stream. Our county is in that transition state which would make the comparison fitting. There- Thouse of Representatives. fore, we say, it would be inadvisable at this time to replace capable men, on whom a breath of suspicion has never rested, by untried men, even though they might afterwards prove to be equals. Don't trade horses when crossing a stream.
